EXPERIENCE

Full Stack Developer

Analytix hive

📅 09/2024 - Présent 📍 Remote, Nigeria

Description de l'entreprise

- Developed and deployed the MVP backend of a scalable learning management platform using Django.
- Increased transaction efficiency by integrating Pay-stack, processing {1000} payments monthly.

Remote DevOps Engineer

TripValue

📅 2023 - 2024 📍 Remote, Nigeria

Description de l'entreprise

- Designed and implemented CI/CD pipelines using GitHub Actions and Jenkins.
- Reduced infrastructure costs by {25%} by migrating on-premises applications to AWS using Terraform and Kubernetes.

Remote Backend Developer

ClimateWavers

📅 2022 - 2023 📍 Remote, Kenya

Description de l'entreprise

- Implemented authentication and authorization with JWT/OAuth2, improving system security
- Optimized SQL queries and database indexing, reducing average response times by 60%

Remote Volunteer Frontend Developer

Aquila Cyber (Nigeria)

📅 2022 - 2023 📍 Remote, Nigeria

- Improved page load speed by {25%} using responsive, mobile-first interfaces with React and Tailwind.
- Improved development time efficiency by {30%} by building a reusable UI component library.

PERSONAL PROFILE

A strong commitment to leveraging technology for impactful solutions is evidenced by extensive experience in full-stack development and cloud infrastructure. Enthusiasm for building scalable platforms and optimizing processes aligns well with the vision of fostering innovation and efficiency. Continuous learning and a proactive approach to problem-solving have driven notable achievements in both team environments and independent projects, underscoring a dedication to excellence and improvement.

KEY ACHIEVEMENTS IN LECTURING AND CODING

KEY ACHIEVEMENTS IN CODING

My coding team and I participated in a coding hackathon organize in Nigeria and we won.

ACHIEVEMENT IN CODING

I have successfully completed a one-year intensive training in software engineering in Nigeria.

Enhanced Collaboration Skills

Implemented group work that improved collaboration skills by 20% among teammates.
